

## Love, the Internet, and Things (Paperback)

By Dennis Bernhard Waldon

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English. Brand new Book. You are human. You have the ability to think, analyze & imagine; to love, build and make decisions. Because decisions are what life is all about. You have been selected. Of the about 35.000 decisions you make every single day, Aml, the helper of tomorrow, influences almost all of them. Because, honestly, although you try your best, not all decisions you make are in your best interests. What is this book about? This book is a love story. A techno-novel. A mixture of fact and fiction, of things we do today (and might not even realize) and things we might do tomorrow (and still not realize it). Today's life, dear Reader, is all about Love, the Internet, and Things. About what it means to be human, about what it means to be treated as a digital entity, and how we change our world to make it more productive, understandable and entertaining. The story is of two individuals (who couldn't be more different from each other) that find the love of a lifetime. What would the world be like if all our personal information was handled...
